**WORKSITE DRESS CODE:** For protection purposes, long pants, shirts with at least short sleeves, and sturdy, close-toed shoes must always be worn while on the worksite. OMP recommends scrub bottoms for long pants and light-colored t-shirts to help stay cool in the Arkansas summer heat.

#### **Things to Consider:**

- Ozark Mission Project is not responsible for any personal items, including phones and electronics, that are lost, stolen, or damaged.
- Prescription medicine will be administered by an adult accompanying your group.
- Please do not send your nicest clothes to your mission week. We do hard work and clothes get messy.
- Please label all personal belongings with the youth's first and last name. At Ozark Mission Project we expect everyone to respect each person and their property.
- If you are unable to provide any of these items, Ozark Mission Project can provide essential items during the mission week.
- Clothing displaying profanity or inappropriate content is prohibited. Clothing needs to cover your midriff at all times.
- To assure safety and security, Ozark Mission Project reserves the right to search all personal belongings at any time.
